

SPORTS

KETCHEL READY FOR HIS MATCH WITH ED HUSSEN

Takes Last Work-out Last Night and Will Take It Easy Until Saturday—Men Will Weigh in at 155 and 150—Grow at Tombstone

AL KETCHEL.

Al Ketchel had his last tryout last night before he takes on Ed Hussen at Tombstone Saturday night for the welterweight championship of Arizona. He will run this morning and tomorrow morning and get in a few games of handball to keep himself in condition. Ketchel is in splendid physical condition and there will be no physical handicap so far as the Bisbee man is concerned when the match is pulled off Saturday night.

Hussen's Advantage.

Ketchel will weigh in on the evening of the match at 150 and Hussen will weigh 155. Ketchel having allowed the Tombstone man that advantage in weight. According to reports from Tombstone Hussen will have to lose four pounds before Saturday night. On the other hand Ketchel can easily make 150 at any time.

Chester Grow, the Michigan man whom Ketchel and Saunders threw here, is at Tombstone and is working out with Hussen. Grow is said to have introduced himself as Anderson, but the Tombstone sports soon got wise to his nom de mat.

May Not Meet Brown.

Apparently he has given up the idea of meeting Brown at Tucson. Brown, according to press reports, has come down a few pegs and agreed to take Grow on for \$25 as a side bet and

the gate receipts.

A Tombstone man who has seen Grow and Hussen work together says that the holder of the welterweight title handles Grow with ease, though of course as "dope" that does not matter a whit. A wrestler in a work out and on the mat in a match is an entirely different proposition, as was shown when Ketchel took on Dorris and McAllister in the recent Bisbee handicap. Grow was thrown in less time than it took to floor McAllister.

As a preliminary to the Tombstone match, Joe Dorris, the lightweight champion of Arizona, will wrestle a Tombstone lightweight whose name has not been learned at this end.

BASEBALL NOTES

"Bugs" Raymond is pitching for semiprofessional teams around Brooklyn.

Bob Spade, the former Cincinnati pitcher, is umpiring in the Cotton States league.

Pitcher Vic Schlitz, formerly of the Athletics, is twirling line ball for Indianapolis.

Pitcher Ed Walsh of the White Sox stopped Ty Cobb after Ty had hit safely in 40 consecutive games.

Shortstop Peters of the Athletics, has been turned over to the Trenton Tri-State league team by Connie Mack.

The Cleveland "Naps" have yet to beat the Athletics and the Boston Nationals have not to date won a game from the Cubs.

Charley Combsky denies the report that Manager Hugh Duffy of the White Sox is slated to receive the pink slip.

Russell Ford has never been beaten by the Boston Red Sox in the three years he has pitched for the Highlanders.

National league players will have to go some if they keep Honu Wagner from copying the batting leaders for the season.

Clyde Squire, of the Boston Red Sox, has been up against it this season. "Hack" has been playing in tough luck which accounts for his being benched so often.

The St. Louis Cardinals have been shut out but once this season. The Cubs hold the honor of blacking Breamhan's crew in the game played April 23.

Gregg of the Cleveland American and Alexander of the Philadelphia Nationals are the class among the young pitchers breaking into fast company this season.

The Philadelphia team is burning up the National league. Horace Fogel now has the laugh on the scribes who gizzled when he was elected president of the Quakers.

President Barrow of the Eastern League has released Umpires Ruderman, Bannan, Black and Pendar. Ruderman goes to the Southern League and Ponder to the Virginia League.

CONNECTICUT GOLF.

HARTFORD, Conn., July 12.—The annual championship tournament of the Connecticut State Golf association was begun at the Hartford Golf club today and will continue until Saturday.

GOES TO SAN DIEGO.

The following is from the Nogales Oasis. Mr. McReynolds was for some time the partner of Judge O'Connell in Bisbee. Mr. and Mrs. C. I. McReynolds and family from Cananea were at Nogales Tuesday, guests of Mr. and Mrs. C. N. White. They were en route to San Diego, where Mr. McReynolds has arranged to open a law office. Formerly they made their home in Nogales. Afterward Mr. McReynolds was assistant United States attorney.

CLOSE GAME LIKELY AT WARREN SUNDAY

Bankers Will Try to Pull Down Colts and Even Matters a Bit

The best game of the district league schedule is looked for by the fans Sunday afternoon at Warren park, when the Colts, the untamed terrors of the district, mix it with the Bankers, admittedly the second strongest and a contender for first honors. The Colts have a percentage of 1,000, but the Bankers occupy the second round of the ladder with .666.

The Colts, as is known, are trying to put over the most audacious proposition ever heard of in baseball. They are trying to go through the season with a perfect percentage and they have an idea that if they take in the Bankers Sunday they will have cleared the matter. The Bankers have been steadily improving and the closest game of the season is expected Sunday. The game will begin at 2:30 o'clock.

If Graham is unable to continue umpiring, Manager Tommy Blair will have no trouble in getting "impractical" material. Both Solomon and Fricke gave entire satisfaction last Sunday. Solomon was an umpire at Douglas in the Cactus league days. He is always on the job with both eyes open and made a good impression in the game last Sunday.

ANOTHER MATCH TO BE PUT ON HERE

Joe Dorris to Wrestle Ramon Rivers of Tucson at Royal Theater

Bisbee wrestling fans will have the opportunity to see another championship match on the evening of July 21 at the Royal theater when Joe Dorris, the lightweight champion of the territory, will wrestle in a catch-as-catch-can match Ramon Rivers of Tucson, who issued a general challenge through The Review sport columns several weeks ago.

Dorris accepted the challenge and the match is being arranged through Dorris' manager, Roy McAllister. The date has been agreed upon and the agreement will be signed this week. A side bet will be placed. Dorris weighs 135 pounds and Rivers claims to weigh 130 pounds, both being lightweight.

Trooper Minney was in the city Tuesday arranging a match with Dorris for tonight, but Dorris did not feel like matching as he will go on in a preliminary to the Ketchel-Hussen match at Tombstone on the evening of July 15. Dorris and Minney will wrestle here next week.

Whoever wins the welterweight title at Tombstone Saturday night will not be allowed to hold it in idleness. The match is being watched from Tucson and the winner will not doubt hear from that corner of the territory.

TY COBB STILL IN LEAD WITH THE BAT

CHICAGO, July 12.—Ty Cobb of the Detroit club heads the batting averages of the American league, according to the official averages up to July 5, made public today.

Detroit, however, has only second place in the club averages, Philadelphia leading with .365 against 300 for Detroit and 287 for Chicago. White of Chicago is Cobb's closest rival in the percentage column, having .424 against Cobb's .444. White, however, played only 16 games against Cobb's 71.

Cobb leads with 127 hits, his nearest rival being Jackson of Cleveland, with 106 in an equal number of games. Jackson is also Cobb's rival in the number of runs, having 63 against the Detroit player's 74.

WELLS EXPECTS FIGHT WITH CHAMP WOLGAST

NEW YORK, July 12.—Despite the announcement that Ad Wolgast will fight Freddie Welsh on Thanksgiving Day and would not fight anybody before that time, Matt Wells, the English lightweight, has not given up hope of making a match with the American lightweight title holder.

George McDonald, manager for Wells, said tonight he had signed a supplementary agreement with Tom O'Day, representing the Metropolitan club of San Francisco, for a fight between Wells and Wolgast on Labor Day. In this agreement McDonald said he had agreed to all the conditions stipulated by Milton Clark of the Metropolitan club through O'Day.

SPORTLETS

At Los Angeles Sunday I. E. German of the Golden Gate Rifle club made a score of 99 out of a possible 100 with a revolver. Only four possible 100 scores have been made in the United States and German's record is accounted good.

Billy Papke, the middleweight champion, has accepted the terms to meet "Cyclone" Johnny Thompson before the Westside Athletic club of New Orleans next fall in a twenty round contest for the middleweight championship of the world.

Owen Moran got sore when he saw the moving pictures of his fight with Wolgast. The pictures were shown at a private exhibition for the benefit of the newspaper men and the defeated Britisher and his wife were present. He roundly belated Wolgast's butting tactics and the referee of the recent match for permitting it.

Several new players were on the firing line at Warren Park Sunday afternoon. Kisselberg, who played third for the Calumets, made a good handle of most of the balls that came his way and stands at the bat like a hitter. He got a hit out of three times up and is credited a put out and three assists in Sunday's game, which was his first.

Ben Jackson may prove to have been a "find" for the Colts if he maintains the showing he made Sunday against the Calumets. He yielded only three hits. He has a good curve and they break quick. With Ross Champion back in the game, the Colts have a pair of good ones.

Callahan says if his team gets away with the Bankers next Sunday they will clinch a perfect standing. The Bankers look as if they will be in the money at this stage of the race. If the all-Arizona tournament plan goes through, Bisbee will be represented by a strong team, selected from the winners. As the tournament depends more on the "financial standing" of the club than the per centage standing of the teams, fans would do well to boost for better attendance if they wish to see the tournament idea mature.

At least a half dozen auto loads of wrestling fans and backers of Al Ketchel will journey to Tombstone Saturday afternoon to witness the match between Ketchel and Ed Hussen Saturday night. One bet of \$300, even money, has been placed on the match and other smaller bets are being placed. Probably several thousand dollars will be up on the match.

Ketchel will go over probably Saturday morning, accompanied by his manager, Dan Kitchel. That match is going to be the best thing in the way of throw-in-throw-out wrestling that has been pulled off in the territory for years.

It is not at all improbable that Ketchel will take on Varney, the Tucson 150-pounder, after the Hussen match at Tombstone. Varney is said to be quick as lightning and scientific as a wrestling manual.

It looks as if the wrestling game was getting on its pins again in the Warren district as well as in Arizona. The entry of such men as Ketchel, Hussen, Varney, et al. into the game has given it a boost. All that is necessary to make the sport a perpetual source of entertainment is to keep it square.

PELL WINS FINALS.

SEABRIGHT, N. J., July 12.—T. R. Pell, national indoor champion, won in the final rounds of the Athletics challenge cup singles today by defeating C. R. Gardner of California 6-1, 6-3.

Californians were successful in the semi-final round doubles, as M. H. Long and Gardner defeated R. D. Little and Behr, 6-4, 6-3.

OHIO TAXES FALL SHORT. SAYS MAYOR SCHWAB

CINCINNATI, O., July 12.—Ohio cities cannot run on the appropriations doled out by Governor Harman's tax reform law, says Mayor Louis Schwab, of Cincinnati.

A statement today regarding the tax budget, he urges the reconvening of a special session of the legislature to revise the bill so that the cities can be allowed to increase taxes.

INDIANS DO THRIVING BUSINESS FISHING

HOQUAIM, Wash., July 12.—The salmon fishing season has been very profitable for some of the Quinault Indians this year. The run has been fair and prices have been especially good. Several Indians have made good sums, but Johnny and Harry Shale have led. Thus far the season has netted them \$4,000 apiece.

Medium-sized salmon are now selling at 40 cents each at the cannery at Moclipa.

WILL PROBE TRUST'S ROOT AT THE LAKES

Vital Part of Investigation at Hand—Rates Are to Be Delved Into

WASHINGTON, July 12.—An inquiry to ascertain to what extent the United States Steel corporation dominates the shipping upon the great lakes and controls lake freight rates is to be made by the special house committee under Chairman Stanley, which has been looking into the affairs of the corporation.

"It seems to me that the department of justice will have to take hold of this phase of the corporation's business and that the courts will have to construe the law requiring common carriers not to engage in the producing business," said Mr. Stanley.

Pian Great Lakes Probe.

The committee will resume its hearings in a few days and will summon witnesses to shed light upon the facts it will seek regarding conditions on the great lakes. The committee wants to know whether the Lake Carriers' association is dominated by the Steel corporation, and if so, to what extent, whether the freight rates upon the lakes are fixed by the corporation; whether it parcels out the freight business; whether independent vessel owners who incur the displeasure of the corporation officials are driven out of business; whether favoritism is practiced by the corporation in assigning cargoes; whether the corporation monopolizes wharf facilities at both ends of the lakes system and whether the corporation assists in maintaining independent vessel owners to use them as agents to secure desired legislation.

Another question which the committee intends to investigate is the

relation of the corporation to large expenditures which have been made by the government upon the Great lakes in river and harbor improvements in addition to the other aids to navigation such as light-houses.

Much Money Spent.

Members of the committee, by consulting with congressmen from the Detroit River and other districts along the Great Lakes assert they have discovered that in recent years it has been common for river and harbor bills to contain large items for improvements for which the congressmen of the respective districts had no knowledge until the bills were reported to the house and for which they had made no recommendations. It is pointed out by these congressmen that over \$12,000,000 has been authorized and nearly all expended upon water way improvements on the Detroit and St. Mary's rivers.

Members of the committee are reported to be particularly impressed with the testimony so far secured, which shows that the short railroad haul, down grade from the mines to the lake where the corporation, it is asserted, controls rate-making, is at a high rate, whereas the long haul by water to Gary and to Ashtabula is at such a low rate that only the best and largest vessels can make money carrying the ore. The committee will insist upon a satisfactory explanation of what members say is a great discrepancy between the assessed value of the iron-producing properties of Michigan and Minnesota compared with the book value of the properties owned by the corporation.

GEORGIA EDITORS.
